"R2C Restoration with Post, Core & Overlay – Clinical workflow...!!

By:

Dr. Narasimhan Bhardwaj

Date:

26th March 2023
(Sunday)

Time:

9:00 am - 5:00 pm

Venue:

The Astor, 15, Shakespeare
Sarani, Kolkata 700071

Abstract

Root to Crown rehabilitation of Endodontically treated teeth often poses a challenge to the clinician in terms of the choice of post-core & crown options. Further, the standard dictum of 360 degrees tooth preparation & Full coverage restorations is now transformed into minimally invasive preparations and partially bonded restorations like crownlays, table-tops, Endo-crowns etc.

Agenda

1. Type of Sealer & influence on Core adhesion.
2. Post : Which, when & why...?
3. Resin Cements : Adhesive or Self-Adhesive – How to select..?
4. Role of Bonding agents in R2C seal.
5. Alternatives to Full Crown – Clinical choices..?

Demonstration and Hands-on Exercise on preparation for a post space in an extracted obturated tooth , post cementation and core build up with modern bulkfilling protocols

NOTE TO PARTICIPANTS- PLS CARRY Mounted Extracted Molar Tooth, _Control Box and Contra Angle Hand piece along with Light Cure Unit FOR HANDS ON

Program schedule

9:00 am - 9:30 am - Registration

9:30 am - 10:45 am - Session 1 (Lecture)

10:45am - 11:00 am - Break

11:00 pm - 01:00 pm - Session 2 (Lecture)

01:00 pm - 02:00 pm - Break

2:00 pm - 03:00pm - Demonstration

3:00 pm - 05:00pm - Hands on

Dr. Narasimhan Bhardwaj
MDS

A passionate & prolific clinician, Prof. Dr. Narasimhan Bharadwaj is the Founder - Director of Access® Dental Institute - Root Canal Center (Estd 2001), a specialty driven Dental Clinic with Microscope Enhanced Root Canal Treatment & Training at Kilpauk – Chennai. The center is affiliated with the prestigious MAHSA University, Malaysia to conduct & certify “Fellowship Certificate in Endodontics” (FCE) Program. He is into clinical practice for the last 21 years and has presently carved a niche for himself in the field of Microscopic Endodontics globally. Being the First person in India to install and use the Carl Zeiss Extaro 300 microscope in his practice, his field of interest include complex re-treatment, instrument retrieval, etc. He holds 3 copyrights in the Original Invention category – clinical techniques. First, the “Burrow Platform technique” for Broken instrument retrieval which is published as a COVER PAGE ARTICLE in the prestigious Journal of Endodontics (JOE) for which he was conferred the highest award for Research in India - “Fellow Indian Society for Dental Research (FISDR)” ; second copyright for modifying the focusing technique using Microscopes in Dentistry – “REVERSE PARFOCAL” Technique which is published as an Editorial in the International Endodontic Journal (IEJ) ; and third copyright for designing a new access cavity design for maxillary molars namely NT (Narasimhan’s T shape) access cavity. Presently designated as Professor, Dept. of Conservative & Endo at Saveetha Dental College, Chennai & Adjunct Professor, MAHSA University, Malaysia, he graduated his BDS & MDS from T.N.Dr MGR Medical University. He was conferred the Best Outgoing Post- graduate student award (2004), by the Federation of Operative Dentistry of India (FODI) & Indian Endodontic Society (IES). He is the Founder – Faculty of MFM (Masters Fellowship in Micro-Endodontics), the first super specialty program in Endodontics in India. Academically, he is an eminent speaker with over 450 + Invited Guest Lecture Deliberations Nationally and Internationally with 6 Original Scientific Best Paper Awards and has authored many Indexed National & International Publications to his credit. Further, he is the Managing Trustee of Community Dental Clinic – Charitable Trust that is run primarily for the underprivileged with simultaneous clinical training to dentists.
